

Maintenance Tracking Solutions FOR TEXTRON AVIATION AIRCRAFT

SierraTrax was designed by pilots, for pilots, and supports over 1,000 aircraft with simple, intuitive, and affordable maintenance tracking. Using technology to bring needed solutions to the industry, SierraTrax offers a savings of up to 75% over competitor maintenance tracking programs.

“SierraTrax is a real no-brainer. Huge cost savings, and amazingly straightforward interface. Wouldn't think of doing my maintenance tracking any other way.”

— Charlie Precourt
Retired NASA Shuttle Astronaut
Ogden, Utah

“SierraTrax have allayed all fears of moving from previous competing systems to their solution, and then customers find a remarkably better product supported by people intent on making a difference.”

— Marc Dulude
CEO
Bluffton, South Carolina
