## Affordable Maintenance Tracking & Digital Aircraft Records

At SierraTrax we are passionate about aviation. As pilots who have experienced firsthand the frustration of dealing with expensive, overly complex maintenance tracking systems, our philosophy is simple – we want to deliver the best solution at a fraction of the cost and exceed our customer's expectations at every turn. SierraTrax offers an affordable, easy-to-use platform that single aircraft owner-operators, corporate flight departments, and Part 135 operations have come to appreciate.

"SierraTrax is a real no-brainer. Huge cost savings, and amazingly straightforward interface. Wouldn't think of doing my maintenance tracking any other way. Really happy with the whole system." – Charlie Precourt, Retired NASA Shuttle Astronaut, Ogden, Utah

"I was hesitant for years to switch over from CESCO, but upon receiving my last bill for \$5,000 I finally decided to take the plunge ...I wish I'd done it sooner. \$99 a month vs 5K/yr. Quality operation, quality product, quality people. Highly recommend." – Harry Hedaya, CEO & Entrepreneur, Tampa Bay, Florida
